

Lull Telehandler Parts

Telehandlers by Lull have been supplying load placement accuracy ever since 1959. The Lull telehandler can really help make the job easier and faster, whether the work requires transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system provides eighty inches of boom travel for precision placement capabilities. Different optional attachments is accessible for Lull telehandlers to help finish whichever task.
